

## *Difficult transition made easier thanks to Sterling Heights*

It's always a joy to have a normally stressful event go smoothly and pleasantly. This was our experience recently at Sterling Heights Senior Living Community on East Pine Street in Bishop.

The special care received when we had to bring my brother, Lloyd, back to Bishop was nothing but outstanding. Everyone went out of their way to make sure his stay was comfortable and stress free. The rooms are all newly renovated with all the amenities and are reasonably priced. To top it off the food is excellent.

We'd like to give special thanks to Kelli, Nicole, Toni and their entire staff for making this difficult transition a very pleasant experience.
